LEADERSHIP DEVELOPMENT AND COACHING

## LEAD THE WAY TRAINING

**Customized, solution focused training to elevate your leadership influence**

Immersive & engaging specialized programs designed to develop and refine skills for emerging leaders. Each course is a highly interactive experience providing participants with practical tools to apply immediately to their professional development. Design your own unique training package by combining courses into a customized learning journey to engage your entire organization. Live & Online Courses Accessible From anywhere.

### **LEADERSHIP FOUNDATIONS**

Develop emerging leader's capabilities, knowledge, and behaviors to be more effective in their current role. Learn how to create greater influence and impact using leadership styles, team building and social EQ.

### **MASTERING YOUR MESSAGE**

Uncover the secrets to creating a powerful message your audience will remember. Participants learn how to create opening statements that capture an audience's attention, deliver a message that encourages engagement and leave their listeners with a clear course of action when they are finished.

### **CONFLICT MANAGEMENT**

Learn crucial conflict management skills to understand and resolve conflict successfully while maintaining relationships and building a more positive workplace. Explore common causes of conflict, identifying conflict styles, dealing with anger and using negotiation and resolution phrases to build better communication and resolution

### **SPEAKING WITH CONFIDENCE**

Every opportunity you have to get in front of a room and speak is an opportunity to deliver a memorable message. Increase your confidence by learning key public speaking strategies you can implement every day in every speaking situation.
